MOBIUSTG 0.5MM

Premium Series

Unmatched. Wide Spraying

GHPM-Mobius TG 0.5mm

Unmatched Wide Spraying

The world's first trigger airbrush designed for Fan Cap with spray width twice as wide as the Swallowtail series with a Fan Cap. Unmatched for large-area coverage while maintaining the ability for detailed work with the extra round cap provided.

GHPM-Mobius TG 0.5mm

All Metal Look

The airbrush body features multiple polishing, electroplating, and PVD coating processes for a deep metallic sheen. Its starry gray color and hollowed-out handle create a bold, all-metal look that combines strength and elegance.

GHPM-Mobius TG 0.5mm Ergonomic Handle

The Mobius TG handle has undergone hundreds of prototype tests to perfectly fit the palm's curve. The back features skin-friendly soft rubber with anti-slip texture for a more secure and comfortable grip. The handle is also highly corrosion-resistant.

GHPM-Mobius TG 0.5mm

Spiral-Shaped MAC Nozzle

The Mobius series features a patented quick-release nozzle for easy cleaning and clog prevention. Its optimized airflow enhances high or low pressure atomization and spray precision for every scenario.

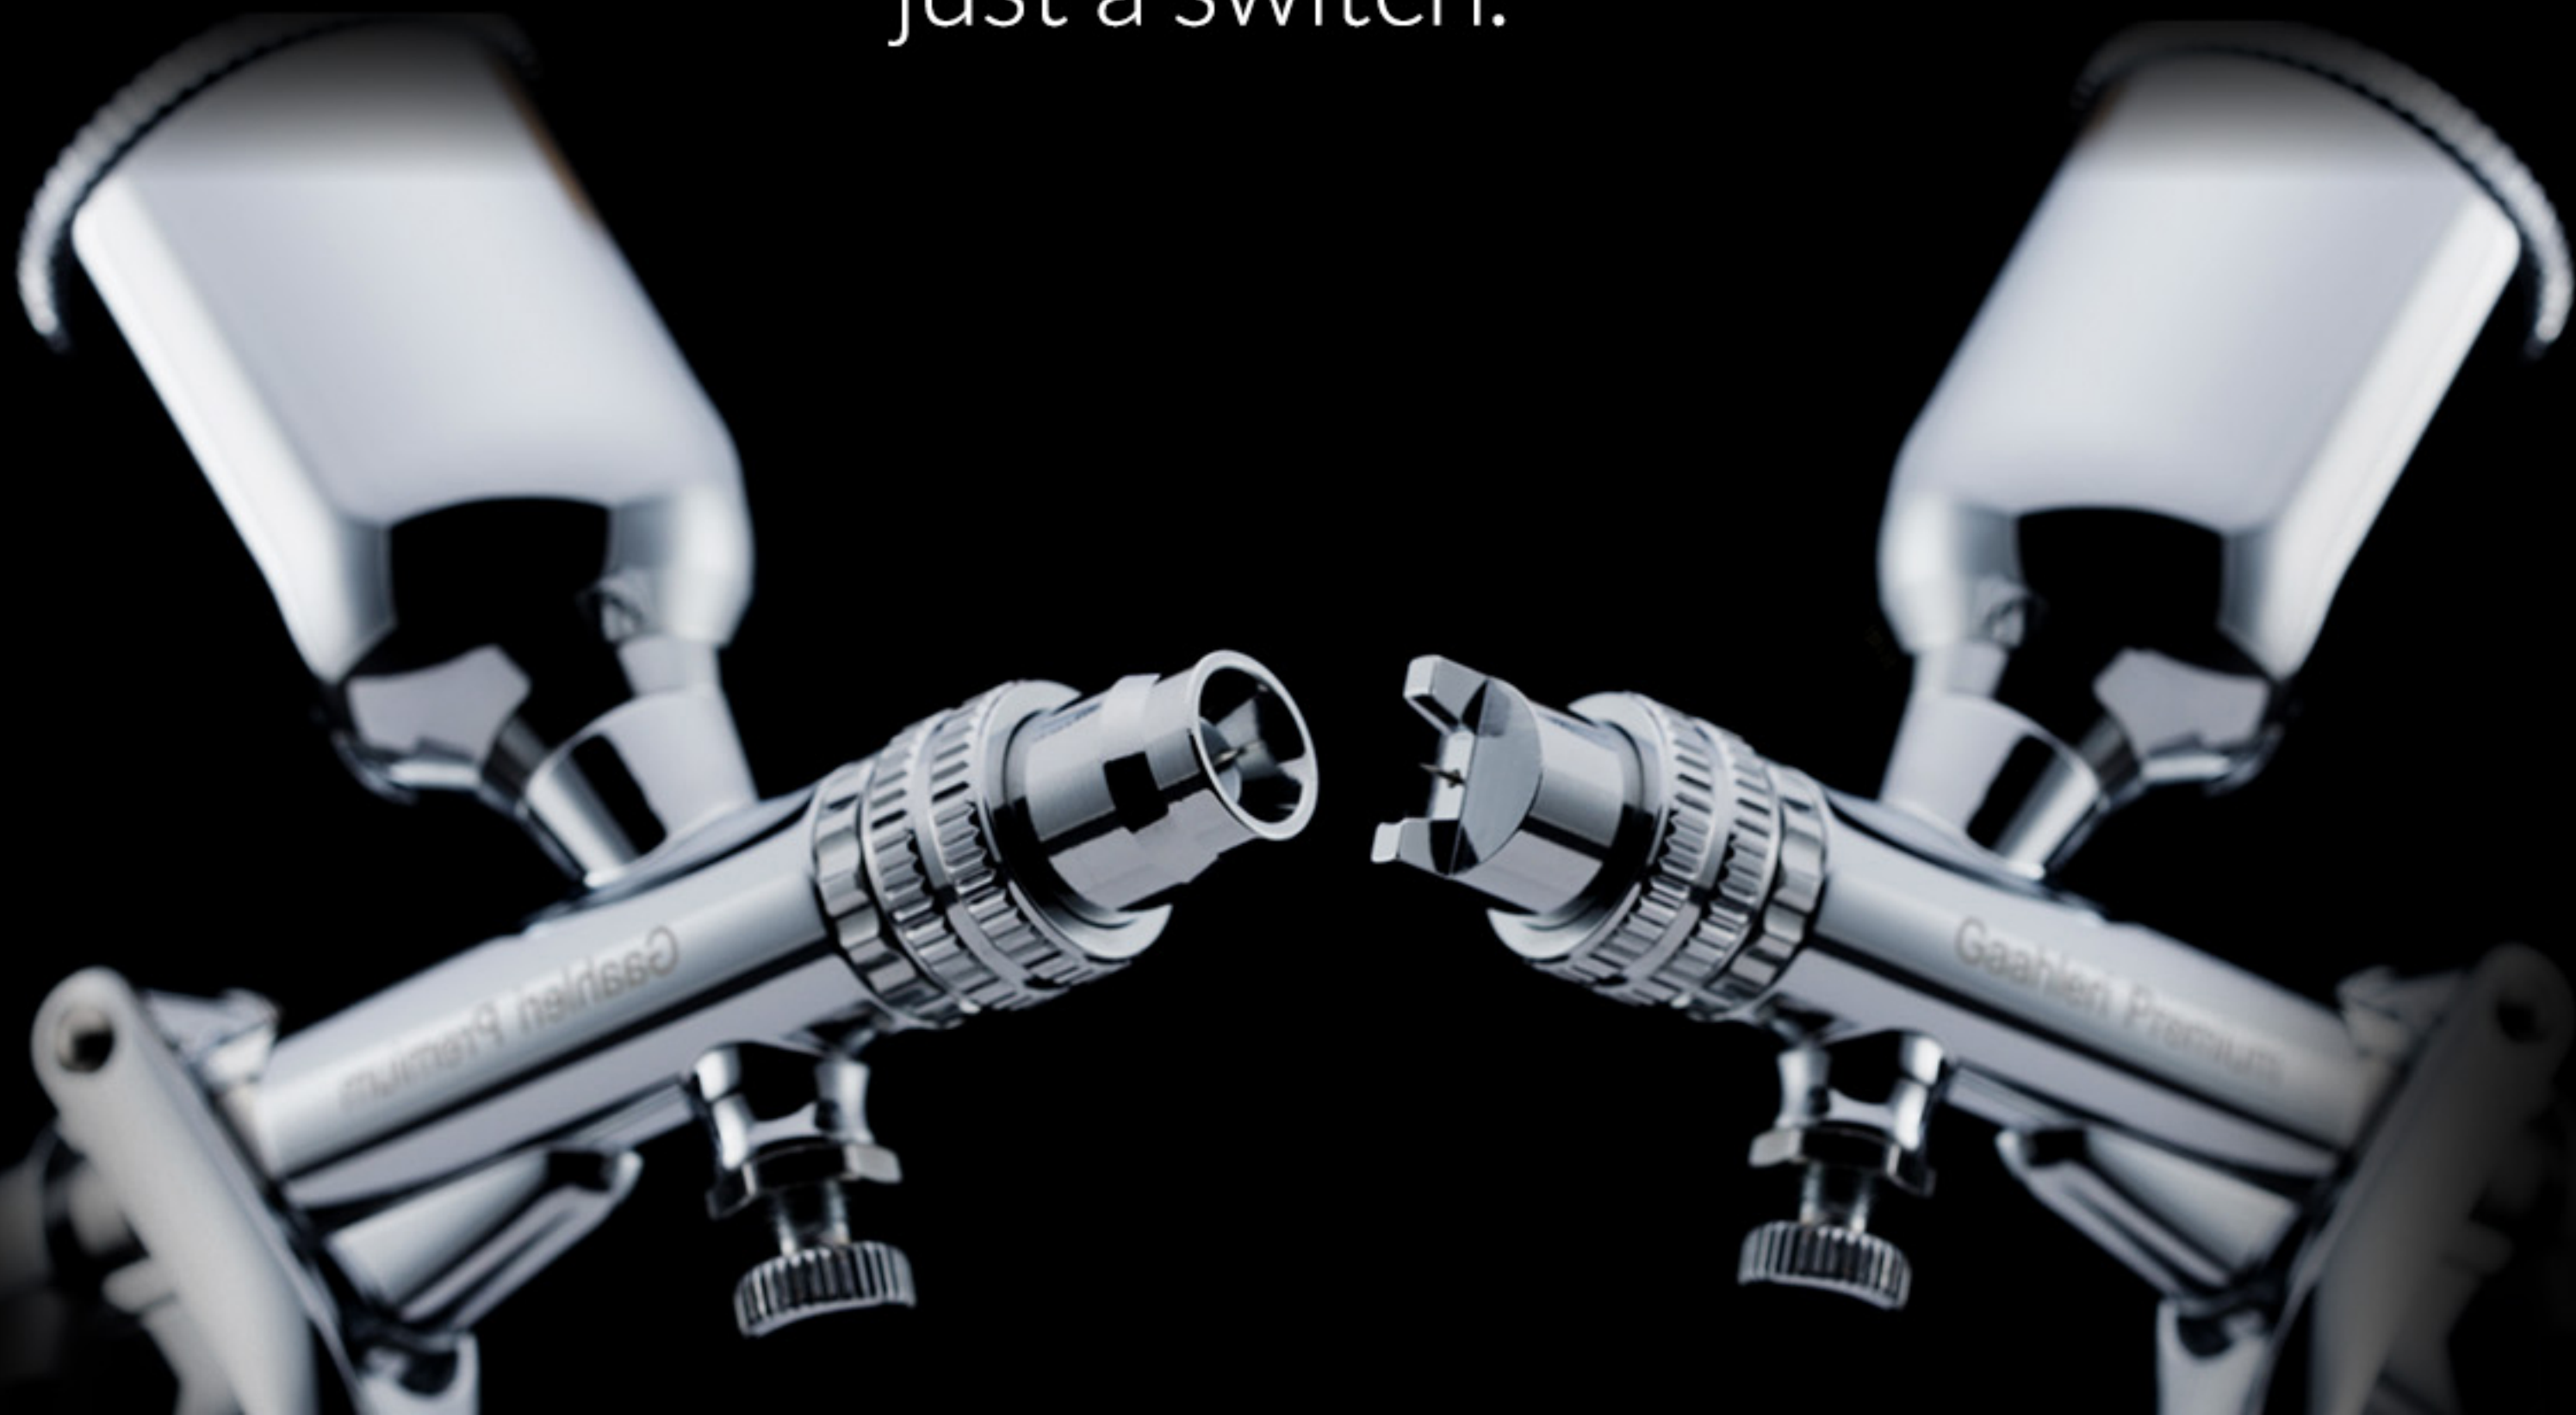

MICRO AIR CHANNEL(MAC)
NOZZLE

GHPM-Mobius TG 0.5mm

Dual Cap Setup

The Mobius TG comes with both 0.5mm fan cap and 0.5mm round cap. Providing unmatched efficiency for large-area coverage while maintaining the ability for detailed work, making it versatile for any creative scenario with just a switch.

GHPM-Mobius TG 0.5mm

Groundbreaking Fan Cap

We re-designed the Fan Cap just for the Mobius TG, with it's new airflow design, we are able to push the airbrush to its limits, unleashing its full potential. Achieving up to 2x wider sprays than usual.

Airflow Output
From Airbrush Body

GHPM-Mobius TG 0.5mm

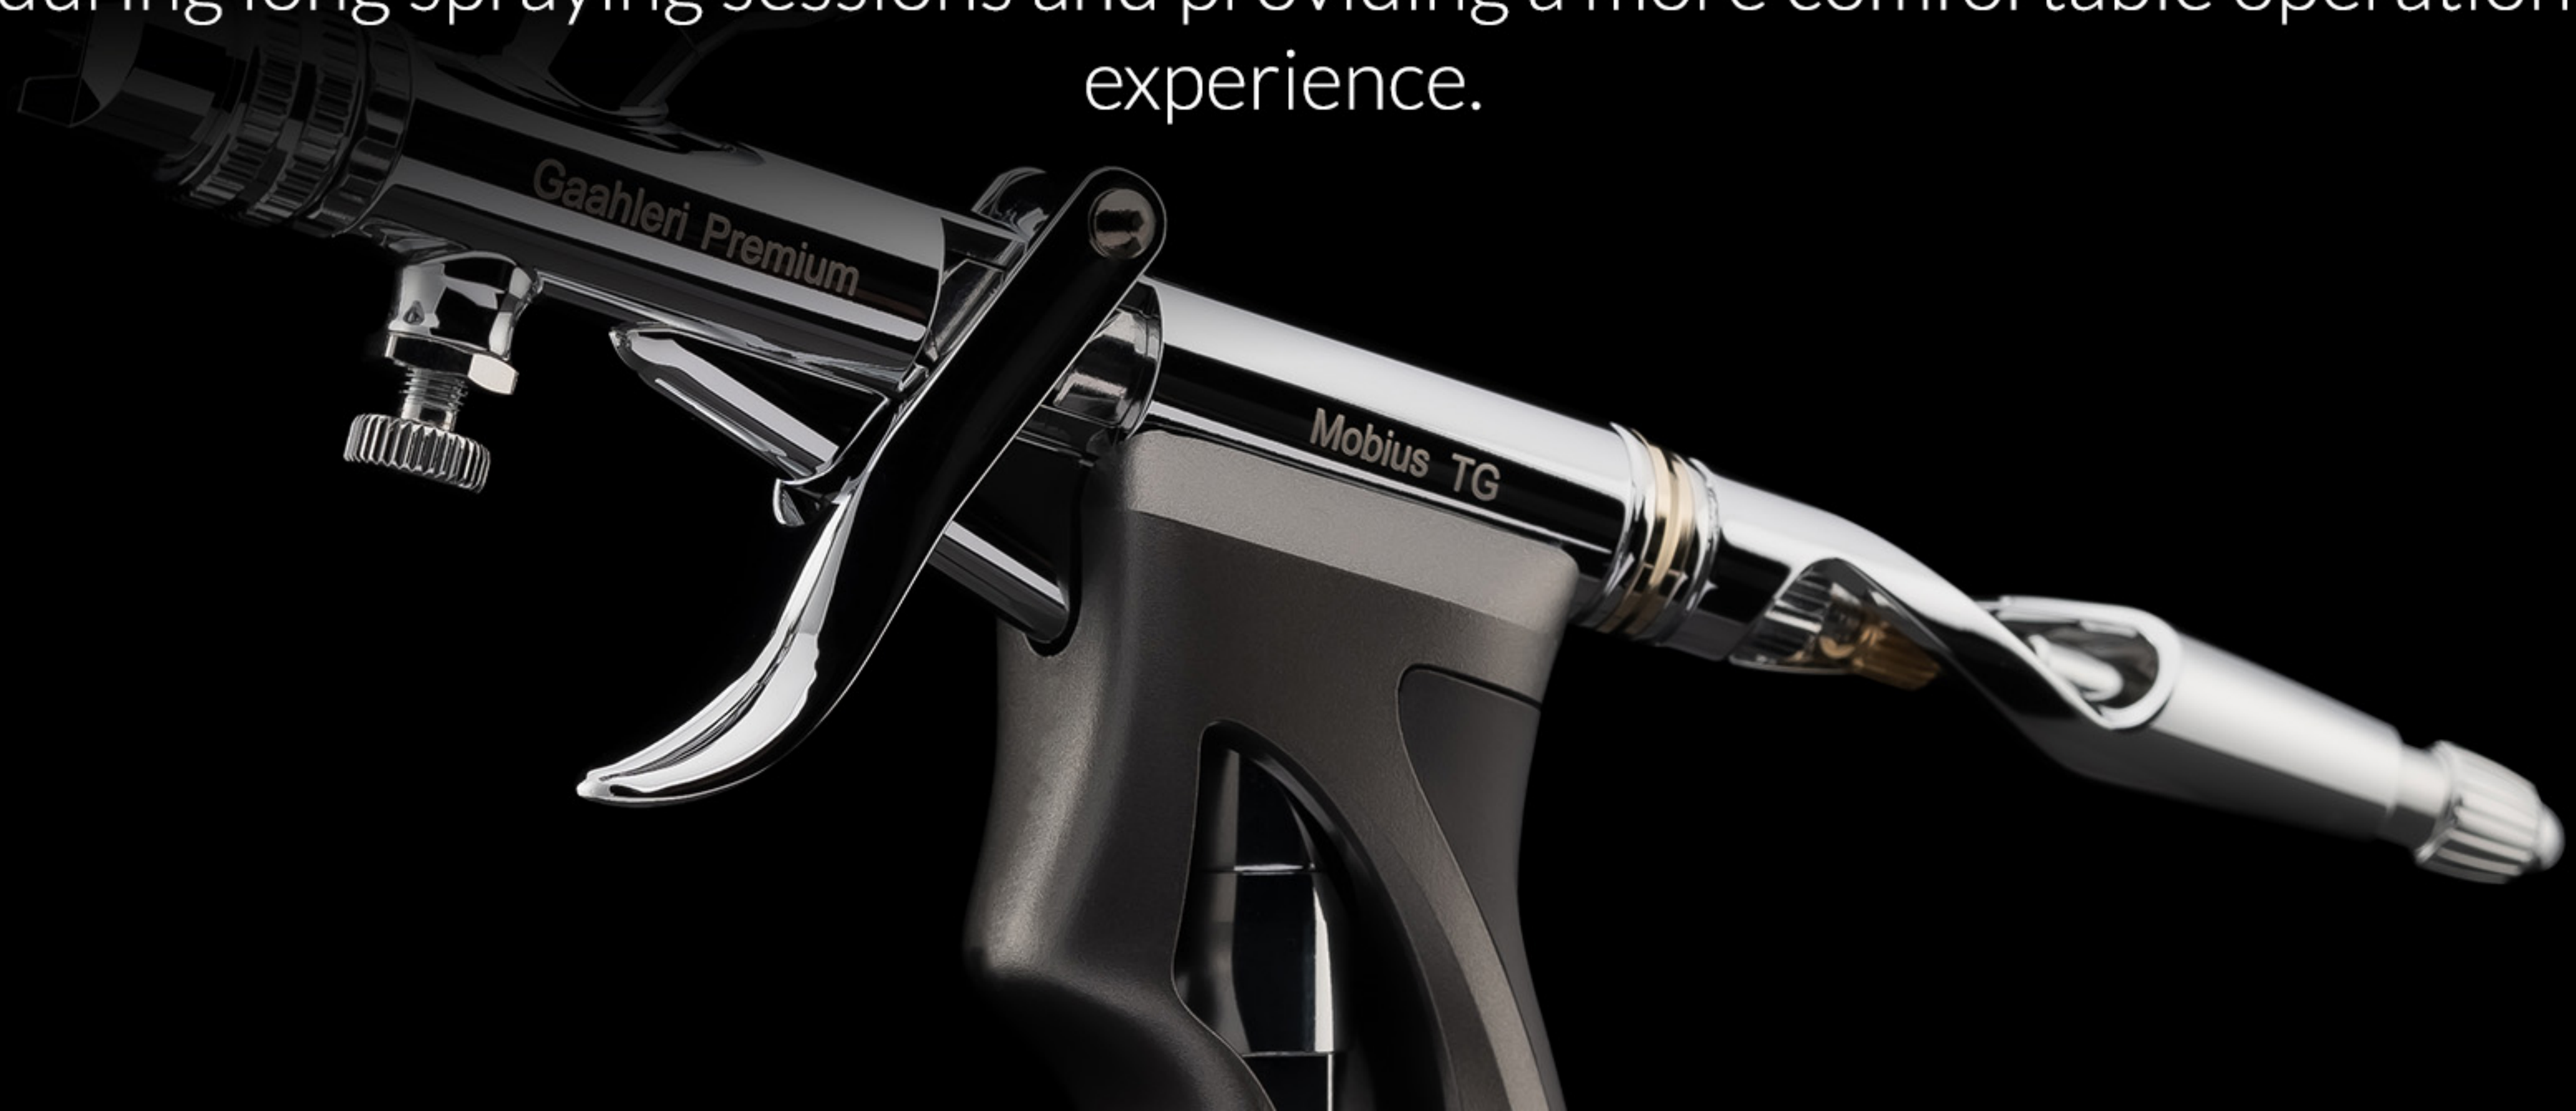

Unmatch Wide Spraying

With a redesigned air passage and optimized sealing, the Mobius-TG enhances dual atomization while retaining its quick-release structure. Its fan air cap boosts spray width by 2x for efficient coverage.

GHPM-Mobius TG 0.5mm Optimized Trigger

The new metal trigger features a larger arc for a better fit to the finger. Fine polishing ensures a smooth and natural touch, reducing fatigue even during long spraying sessions and providing a more comfortable operation experience.

GHPM-Mobius TG 0.5mm

Truly A Mobius

The Mobius TG airbrush tail adopts the signature Möbius loop-style hollow design, enhancing both aesthetics and functionality. The expanded hollow section allows users to adjust trigger tension without removing the tail, providing a more convenient and personalized experience.

GHPM-Mobius TG 0.5mm

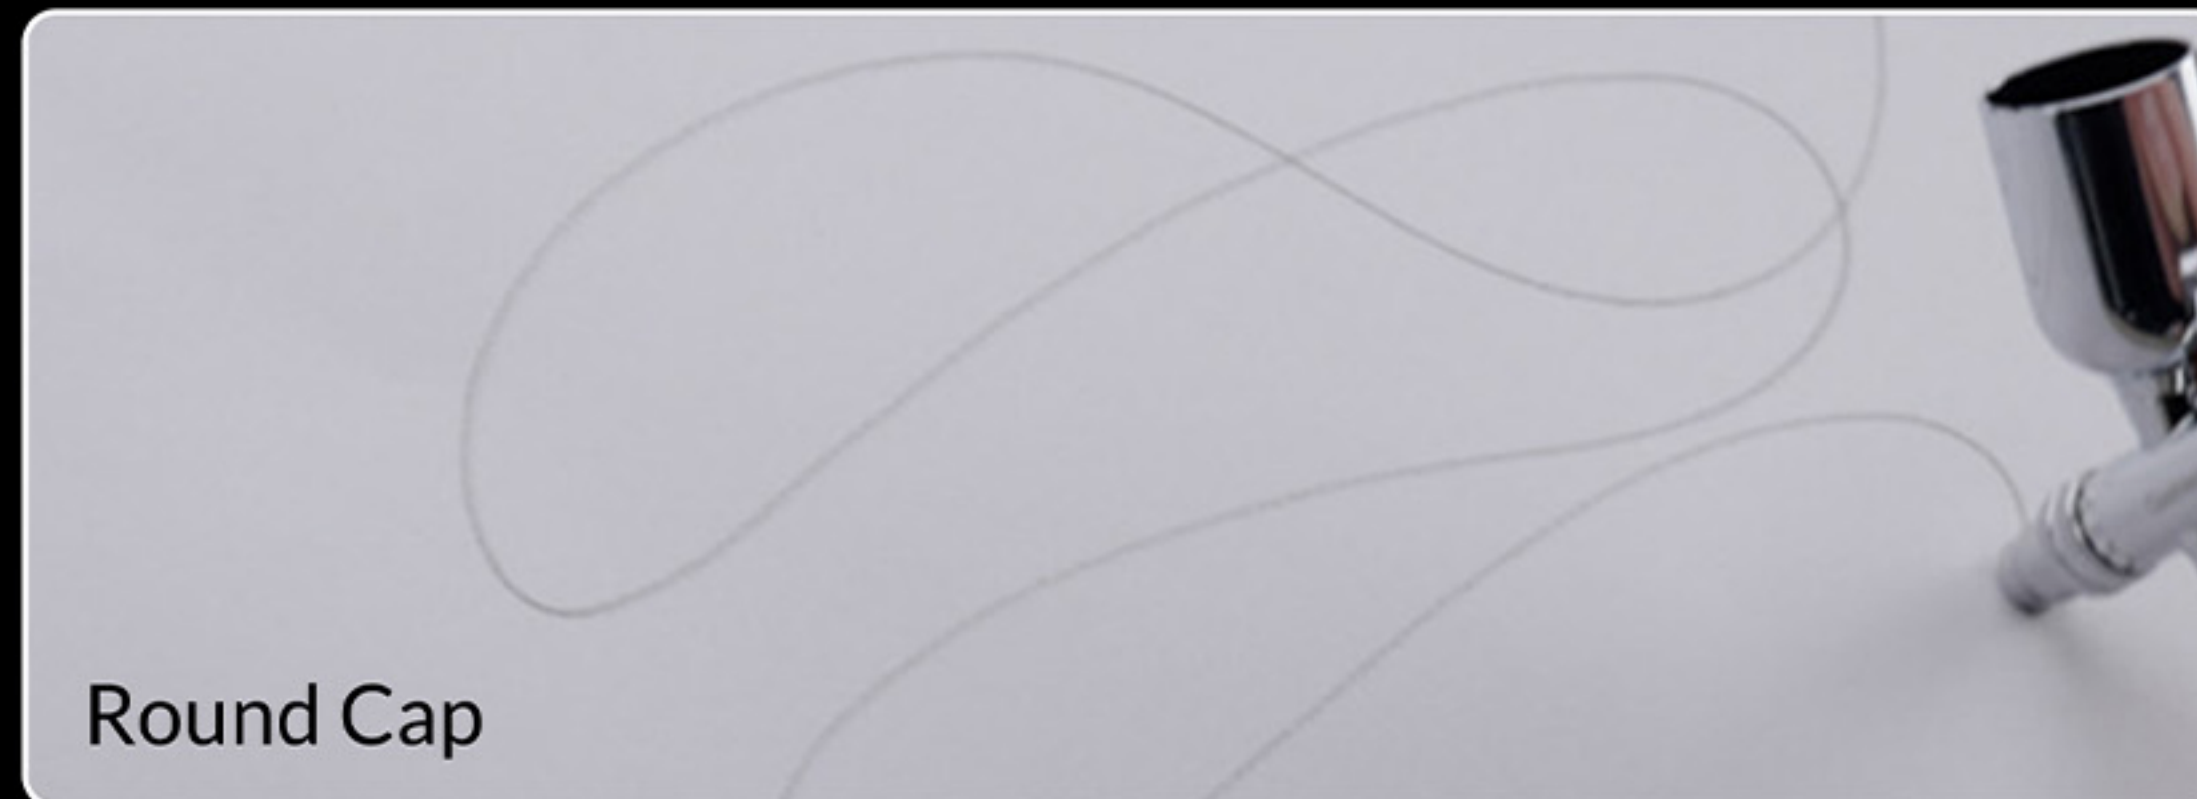

Ultra-Mirror Level Cup

The Mobius paint cup features a triple-polished interior, creating a mirror-smooth surface that prevents paint residue. It rinses clean with minimal effort, making brush cleaning a hassle-free experience.

GHPM-Mobius TG 0.5mm Versatile 0.5mm

Equipped with both fan cap and round cap, the Mobius TG demonstrate true versatility between wide and normal spraying.

GHPM-Mobius TG 0.5mm

Versatile 0.5mm

We pride ourselves for being one of the few airbrush manufacturer that provide airbrush components for sale for repairs, replacement and maintenance work. We hope to help you be more efficient, save money and have a long lasting airbrush.
