A Beast For Your Hands

GHAC-Swallowtail SD

A Beast For Your Hands

Unleash your creativity with the Swallowtail Side-Feed Airbrush, an innovative tool designed for professionals and enthusiasts who demand exceptional performance and adaptability. A real beast.

GHAC-Swallowtail SD

Gravity Side-Feed System

The side-mounted cup improves visibility dramatically, making it ideal for intricate lines and complex patterns. Achieve fine-detail work without obstruction, perfect for close-up precision tasks.

GHAC-Swallowtail SD

Siphon-Feed Sytem

Handle extended sessions and quick color changes effortlessly with a larger paint cup. Advanced sealing and precision engineering ensure performance on par with gravity-feed systems. Durable anodized aluminum lids enhance corrosion resistance and portability.

GHAC-Swallowtail SD

Customizable Attachments

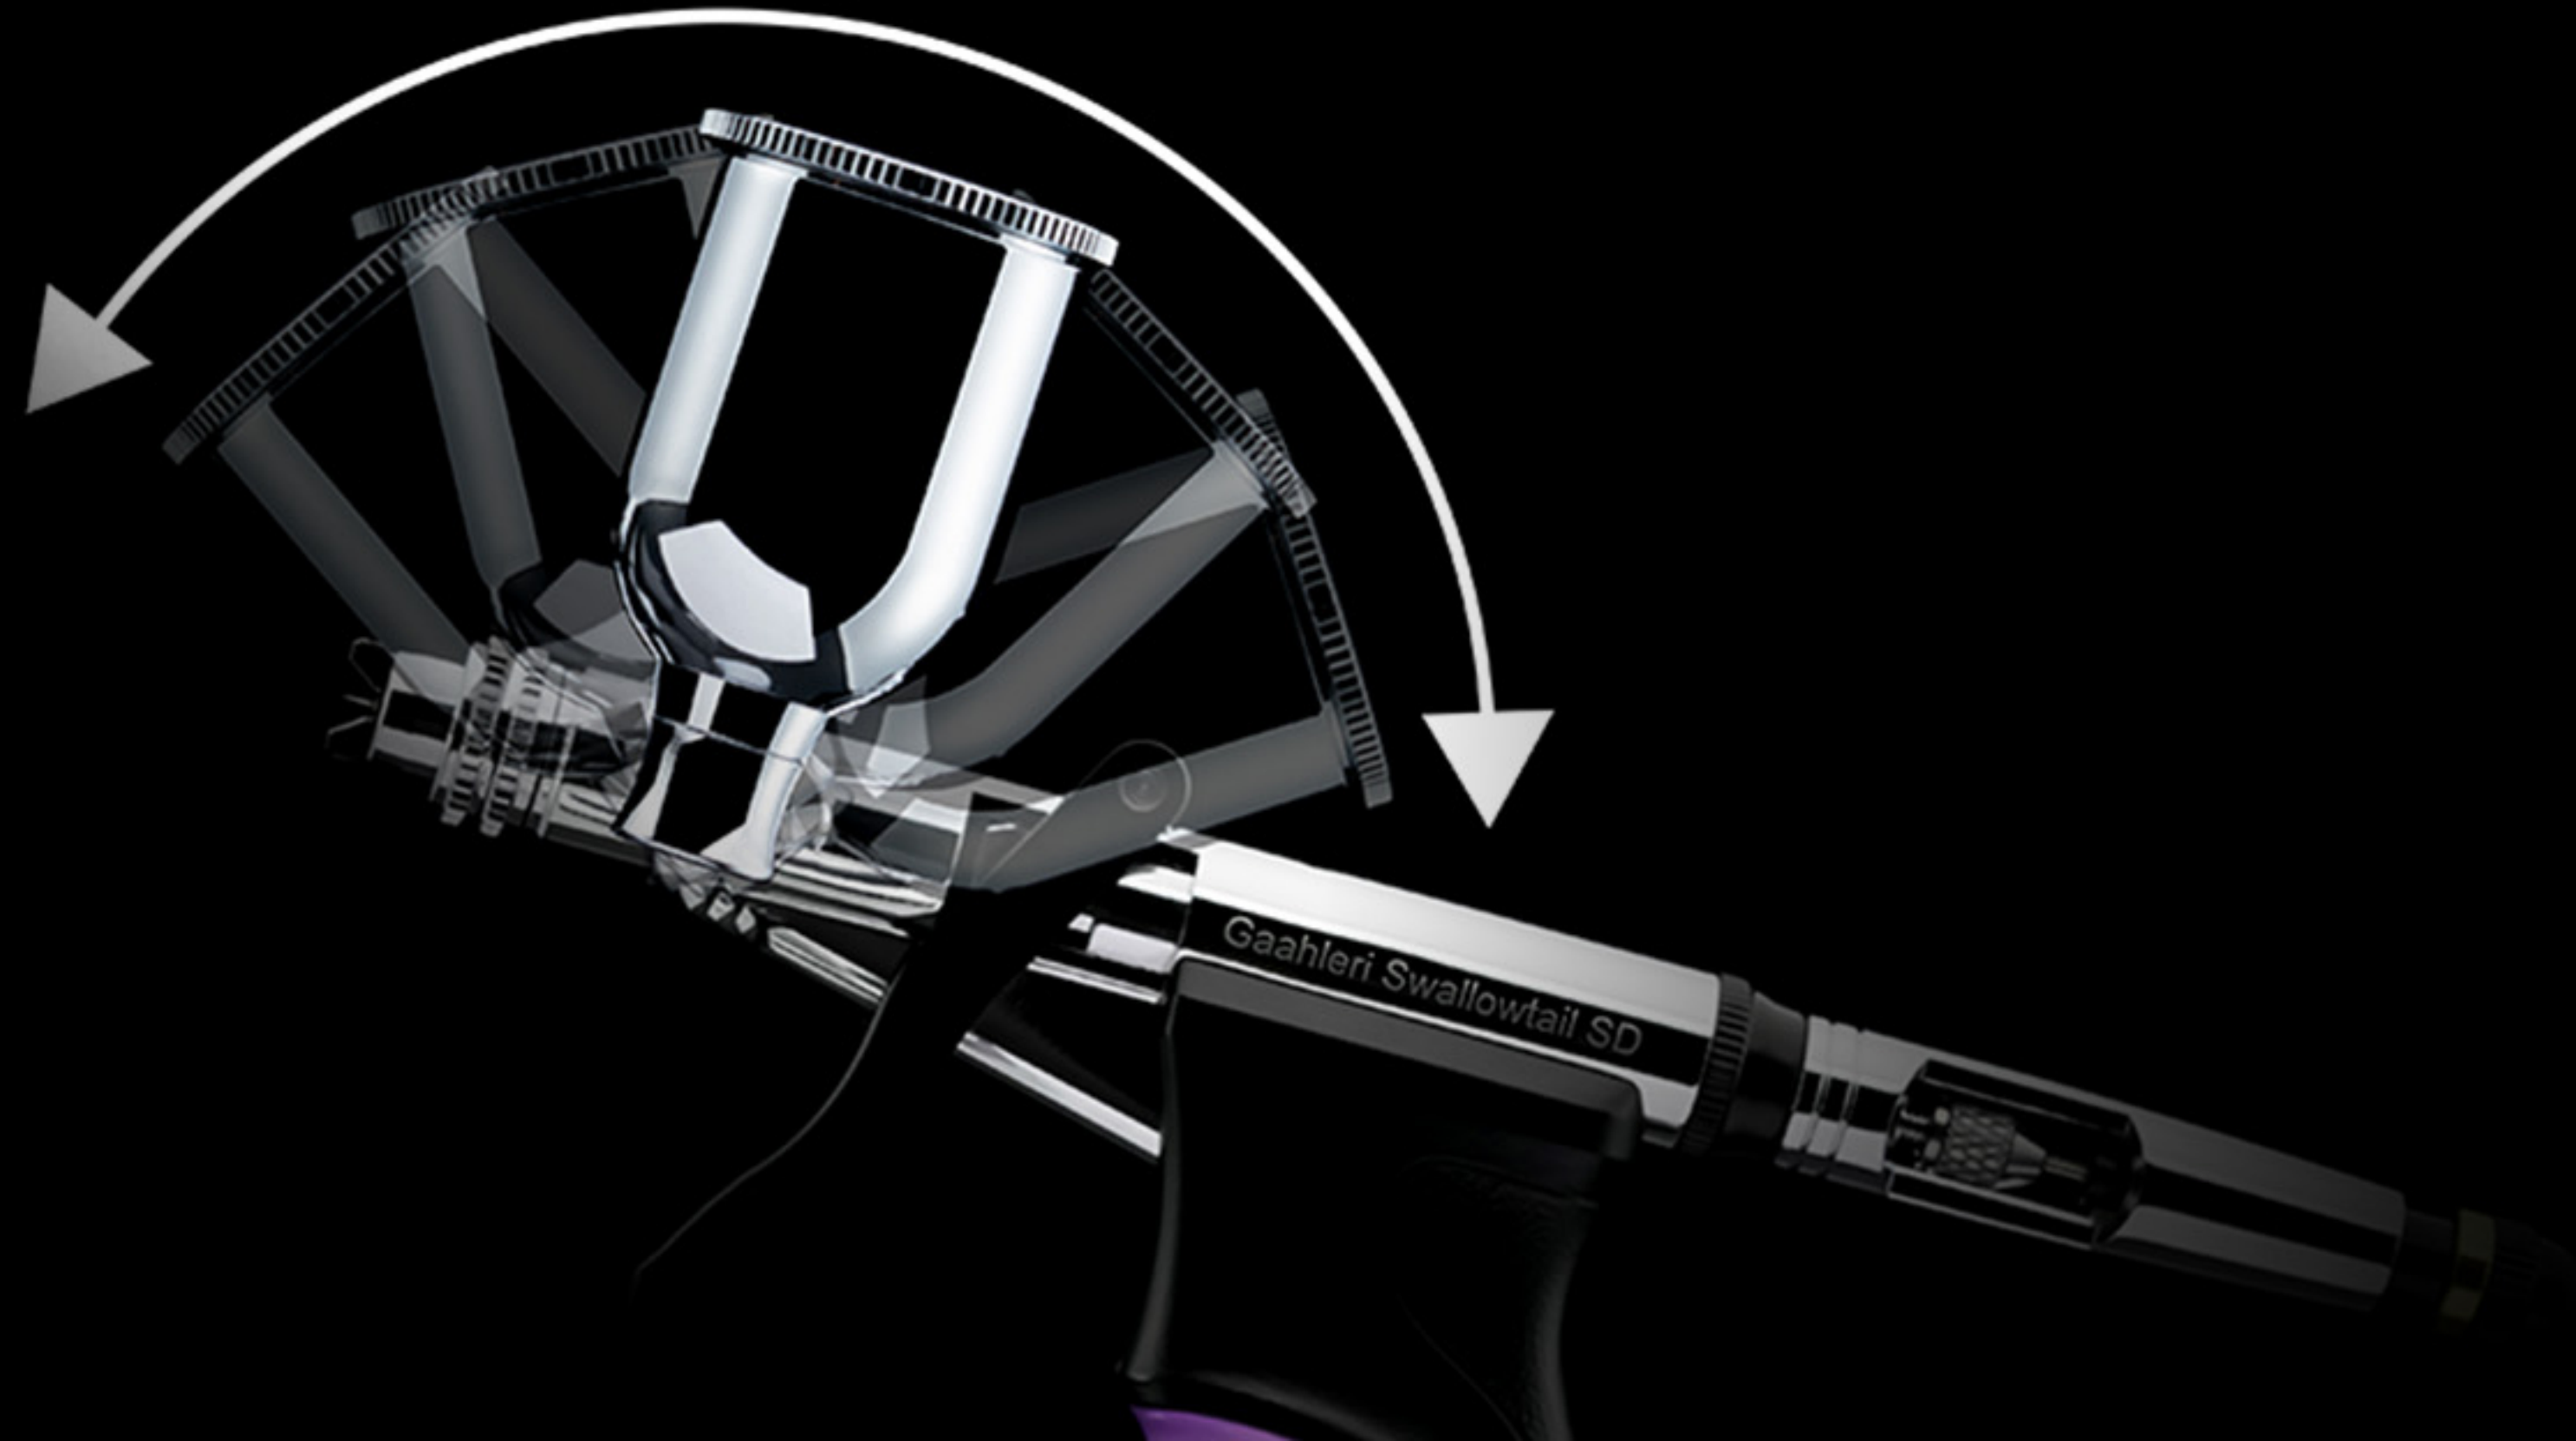

Choose from a range of side-feed cups—from 1/10 oz to 1 oz—allowing complete flexibility to suit your preferences and project needs.

GHAC-Swallowtail SD

Multi-Angle Attachments

Find the right angle for your work, no matter how steep it is. The Swallowtail SD Gravity Side-Feed & Siphon Feed system supports multi-angle adjustment. Let the airbrush adjust to your needs, not the other way around.

GHAC-Swallowtail SD

Dual Caliber

The airbrush comes with both 0.28mm and 0.5mm sizes. The 0.28mm nozzle is exceptional for detail work, ideal for model painting and intricate artistic projects while the 0.5mm nozzle perfect choice for large-area spraying, offering quick, smooth coverage with consistent results.

0.5mm Fan Cap

0.28mm Round Air Cap

GHAC-Swallowtail SD

Ergonomic Handle

Engineered for maximum comfort, the handle provides ergonomic support for all hand sizes, perfect for long airbrushing sessions. The extended tail offers additional pinky support, allowing for micro movements that improve precision and control.

GHAC-Swallowtail SD

High Durability Needles

Features a polished surface and self-healing properties to ensure smooth paint flow and prevent clogs. This enhancement extends the airbrush's lifespan and minimizes downtime.

GHAC-Swallowtail SD

Everything You Need

The airbrush also comes with a mirror-level paint cup that prevents paint buildup and simplifying cleanup along with a metal capped siphon cup for larger projects and quick color changes.

GHAC-Swallowtail SD

0.5mm Fan Cap included

The perfect choice for large-area spraying, offering quick, smooth coverage with consistent results.

GHAC-Swallowtail SD

8 MAC Quick Release Nozzle

Designed for superior fine-line control and atomization. We've refined our manufacturing processes, upgraded equipment, and implemented stricter quality standards to ensure even greater stability and reliability.

GHAC-Swallowtail SD

What's In The Box

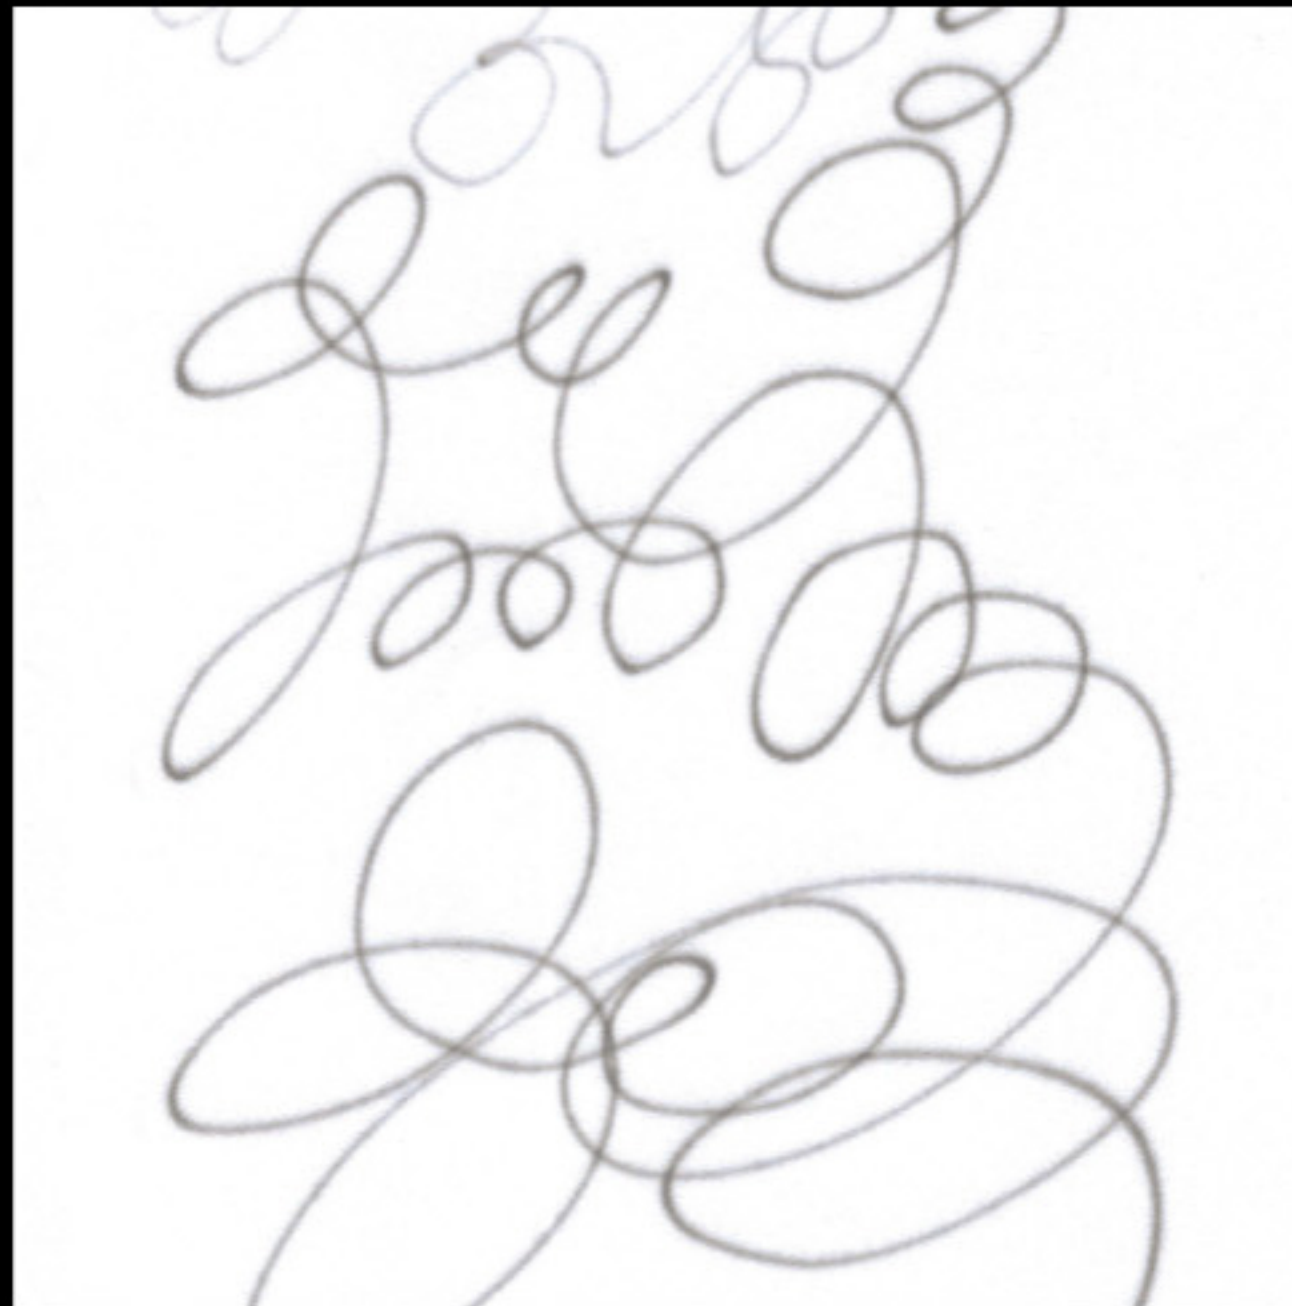

- Swallowtail Airbrush Body • 2/3oz Paint Cup • 10oz Metal Capped Siphon Cup • 0.28mm Needle • 0.28mm Nozzle • 0.5mm Needle • 0.5mm Nozzle • 0.5mm Fan Cap

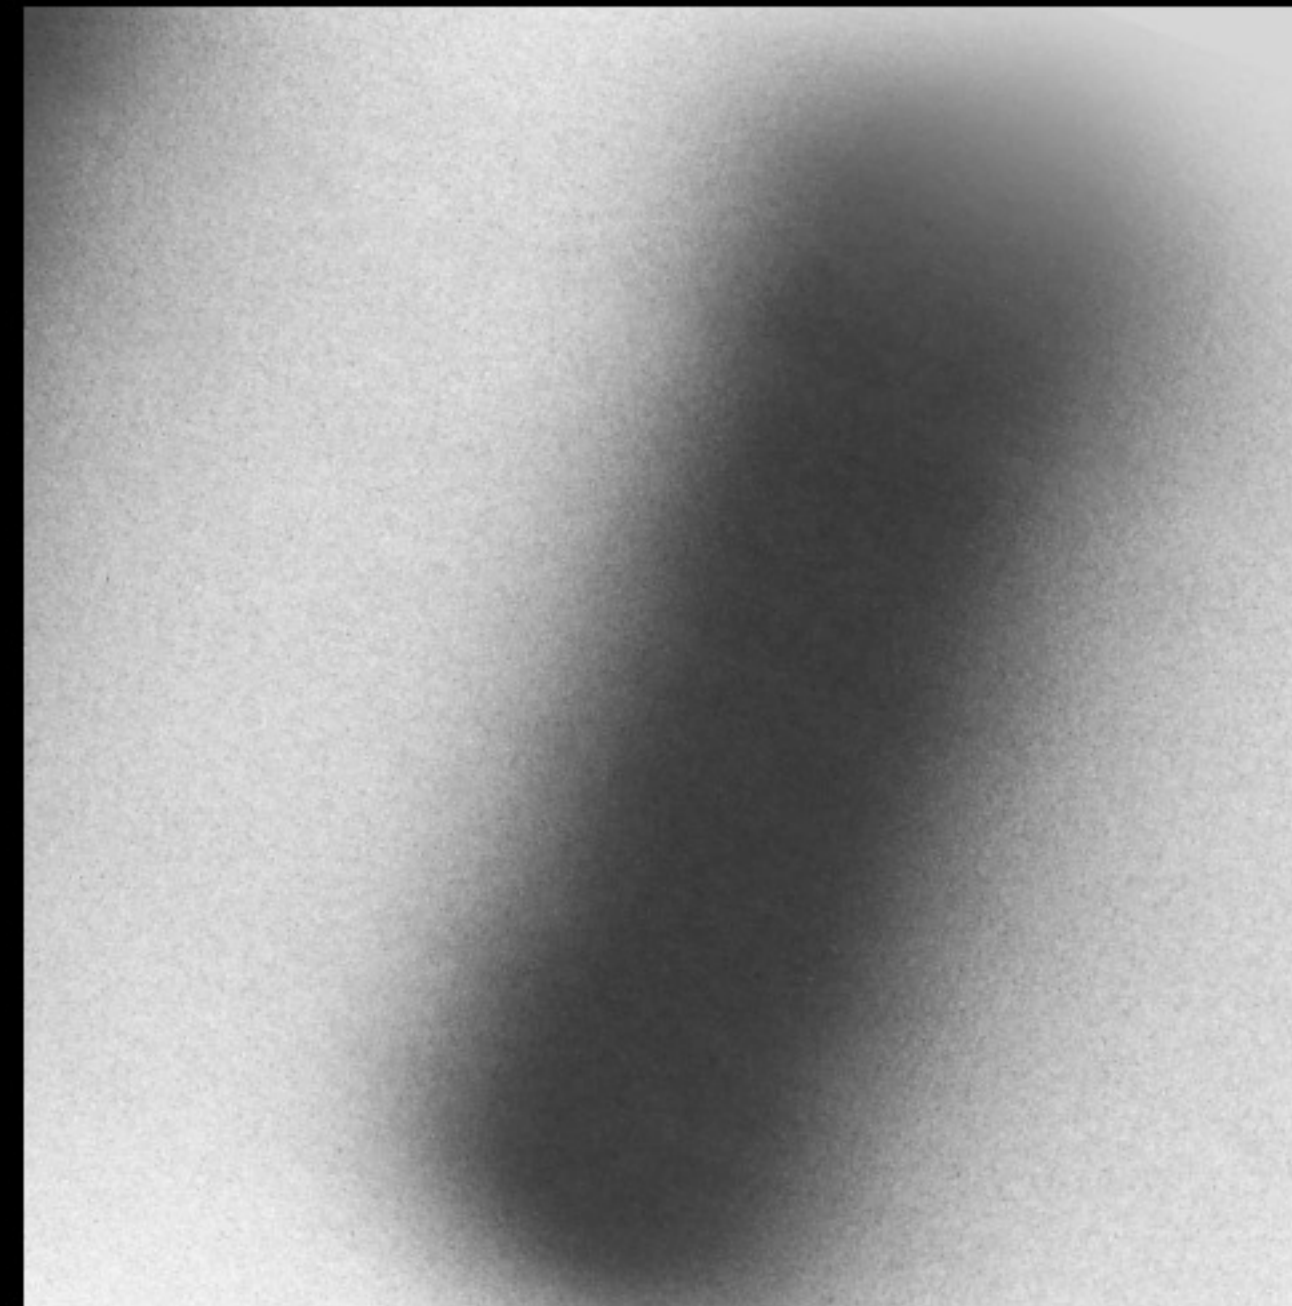

GHAC-Swallowtail SD

Atomization Effect

The Swallowtail caters to both large-area spraying with traditional trigger usage and precise Ultra-fine lines with a 0.28mm nozzle with round cap. Switch to the 0.5mm fan cap with nozzle for exceptionally wide spray patterns. It's a truly versatile side feed airbrush.

0.28MM Round Cap

0.5MM Fan Cap
